School Council and Eco Committee discussions

Week beginning 5th October 2009

School Council

I have again been asked to check on what is happening with the blackout blinds for some classes, I forgot to do this last week.

The children would like more things to do on the playground, they made some suggestions. I will look into the finance and see what we can afford.

It was suggested that the buddy bench be moved. This could be discussed in class councils. Does it need to be moved? If so where?

Eco Committee

Eco Committee want the school to sign up to the 10:10 challenge. We will do this at the next meeting. They wanted us to do this together.

In Class 4 an energy saving rota has been developed. It was suggested that every class could do this. Discuss in class councils.

Adopting an endangered animal. This would be via a charity and would involve raising money. Not every class is agreeable to this. Discussion in the class councils is required.
