School Council and Eco Committee discussions

Week beginning 7th December 2009

School Council

Assembly discussion. The class councils have discussed this issue and the outcomes are:

- Assembly to be divided between whole school and upper / lower school separate assemblies. Either alternating weeks or two weeks split to one week whole school.
- Upper / lower school separate assemblies to take place in the community room.
- Every class should have the opportunity to share something at assembly.
- Assemblies should be short.
- It can be too noisy in the hall.
- Class 4 would like to attend with the older children.
- The greeting should be the same rhythm but not clapped or clapped only for the younger children.

Council requested that they should be allowed to sit with their friend at lunch time. Mr Forsyth will negotiate this with Donald.

At wet playtimes Council thinks there is too much space and time given to football. Council requests that other equipment is put out and given ample space. Football should not always be the main activity.

Eco Committee

Class 2, Class 4, Class 5 have adopted animals or are adopting animals. Class 2 need some help with this. Council would like to be kept informed about this but need not be involved.

10:10 letter to parents has been written but has not yet been signed and so has not been sent out to parents yet.

Litter picking has stopped, as was stated in assembly. Class 7 should take charge and ensure each week that the equipment is passed from one class to another so that the litter picking rota continues. Class 7 agreed to take on this responsibility.
